Teaching Experience

Student Teacher

January 2025 – Now

Anna High School

Anna, TX

- Plan and deliver engaging lessons in Algebra I for diverse classrooms, aligning with state standards and curriculum guidelines.
- Develop and implement classroom management strategies to foster a positive and inclusive learning environment.
- Assess student progress through formative and summative evaluations, providing constructive feedback.
- Collaborate with mentor teachers, faculty, and parents to support student learning and growth.
- Integrate technology (Desmo, Eduphoria, Graspable Math, Goggle Classroom) and interactive teaching methods to enhance student engagement.
- Adapt lesson plans to meet the needs of diverse learners, including those with IEPs and 504 plans.

Field Experience/ Student Observer

September 2024-December 2024

Anna High School

Anna, TX

- Observed Algebra I classrooms to gain insight into instructional strategies, classroom management, and student engagement techniques.
- Assisted the teacher with lesson preparation, grading, and classroom activities to support student learning.
- Analyzed various teaching methods, including differentiated instruction and technology integration, to enhance mathematical understanding.
- Engaged with students by providing one-on-one or small-group support in solving algebraic equations, graphing, and problem-solving.
- Reflected on observations to develop a deeper understanding of effective mathematics instruction and classroom dynamics.

Work Experience

Data & Strategic Planning Analyst

August 2023 – July 2024

iMiracleProject (NPO)

Seattle, WA

- Spearheaded the development of strategic organizational directives including vision, mission, and value propositions, aligning with long-term development goals, increasing organizational cohesion.
- Led the transition of organizational platforms from Google Cloud to SharePoint, enhancing data management and operational efficiency across 10 departments, resulting in a 35% reduction in data retrieval time.
- Designed and implemented a dynamic Kanban Board to optimize task management for 200 volunteers, improving operational workflow efficiency by 50%.

Skillset

Classroom Management & Instruction, Communication & Collaboration, Student Support & Mentorship, Technology Tools
